Languages: Polish; English

Professional Summary

QA automation specialist building end-to-end and API tests for web, backend and hardware-integrated systems. Built automation from scratch at Efectivo / Humanit Group and improved regression validation through automated release checks. Hands-on with Playwright, Pytest, TypeScript, Python and CI/CD. QA leadership and previous DevOps consulting add experience in test strategy, release tooling and cross-team delivery.

Core Skills

Automation & Programming: Playwright, Selenium, Pytest; TypeScript, JavaScript, Python

API & Integration: REST APIs, WebSockets, backend validation, end-to-end, integration and Hardware-in-the-Loop (HIL) testing

Test Reliability: Regression design, exploratory testing, root cause analysis, flakiness reduction

Mobile Development: Flutter, Dart, iOS / Android apps, API integration

CI/CD & Infrastructure: GitHub Actions, Azure DevOps, Docker, Kubernetes

Reporting & Collaboration: Grafana, Datadog, ReportPortal, TestRail, qTest, Confluence

Professional Experience

Quality Assurance Team Lead

Efectivo, Humanit Group | Wrocław, Poland | Feb 2025 - Present

- Expand E2E and API regression coverage across backend, web, mobile, customer-hosted services and infrastructure workflows.
- Reduced regression validation time and manual verification effort through automated release checks, supporting several releases per month.
- Improve backend test coverage, CI/CD feedback and release reporting with Grafana, Datadog, ReportPortal and internal tooling.
- Line-manage a five-person QA team, with responsibility for mentoring and professional development. Own test strategy, release readiness and quality metrics.
- Design LLM-assisted workflows for testing tasks, product documentation and internal knowledge access.

QA and Automation Specialist

Efectivo, Humanit Group | Wrocław, Poland | May 2024 - Feb 2025

- Built end-to-end automation from scratch across web, backend and cross-system release paths.
- Created HIL verification scripts and API checks to replace manual-heavy validation with repeatable tests.
- Prioritized automation coverage with engineering teams around release-critical workflows and regression gaps.

Professional Experience (continued)

DevOps Engineer (Consultant via HiQ)

Polestar | Gothenburg, Sweden | Feb 2023 - Mar 2024

- Built CI/CD infrastructure with Azure DevOps, GitHub, Docker and Kubernetes, and Grafana reporting for release tracking and environment visibility.

DevOps Engineer (Consultant via HiQ)

Volvo Cars | Gothenburg, Sweden | Jan 2022 - Jan 2023

- Improved CI/CD workflows, release tooling and automation for build integration and release procedures.

QA Engineer / QA Lead

Dolby Laboratories | Wrocław, Poland | Jan 2021 - Dec 2021

- Led software and hardware interoperability testing; owned test design, planning, architecture and quality metrics.
- Built dashboards combining qTest, Excel and Confluence data for release and risk reporting; supported Dolby Atmos and Dolby Vision pilot programs.

Associate QA Engineer

Dolby Laboratories | Wrocław, Poland | Oct 2018 - Jan 2021

- Tested HDMI interoperability and cross-device communication across AV receivers, soundbars, TVs and set-top boxes; improved device-readiness reporting.

Additional Experience

Co-founder and CTO (side project)

Lexense.ai | Poland | Jan 2025 - Present

- Built backend services and delivery infrastructure for an AI legal platform using Node.js / NestJS, MongoDB, Redis, Qdrant and OCR.
- Built the complete Lexense mobile application from scratch in Flutter and Dart for iOS and Android, owning its architecture, UI and backend integration.
- Owned self-hosted operations, observability, CI/CD and secure deployment across the product.

IT Consultant | Consulting Wojciech Bajer

Poland / Worldwide | Mar 2021 - Present

Software and technical consulting across web systems, tooling and implementation support.

Education

Master of Science, Acoustic Engineering | 2018 - 2019

Wroclaw University of Technology, Poland

Bachelor of Engineering, IT in Electronics | 2014 - 2018

Silesian University of Technology, Poland

Certifications & Training

ISTQB Certified Tester Foundation Level (CTFL) | 2019

Scrum Master Training, Scrum Group | 2019
