Bajer **Wojciech**

QA Team Lead · DevOps Engineer · Co-founder / CTO

Wrocław, Poland

(+48) 694-913-653 | mail@wojciechbajer.com | www.wojciechbajer.com | neverased | wojciech-bajer

"The only thing that is doing the thing is doing the thing."

Summary

QA Team Lead, DevOps Engineer, and Co-founder / CTO with experience across test automation, CI/CD, observability, cloud platforms, and cross-functional software delivery. Currently leading QA at Efectivo / Humanit Group, running Consulting Wojciech Bajer, and co-founding Lexense.ai. Hands-on with Playwright, Selenium, Pytest, GitHub Actions, Azure DevOps, Docker, Kubernetes, AWS, Azure, Grafana, Datadog, ReportPortal, Node.js, Python, and TypeScript.

Skills

Testing & QA	Test Strategy, Test Planning, Test Architecture, E2E Testing, Regression Testing, HIL Testing, QA Leadership, ReportPortal, TestRail
Automation & Backend	Playwright, Selenium, Pytest, Node.js, Python, Django, TypeScript, JavaScript, REST API, WebSockets
Cloud & CI/CD	GitHub Actions, Azure DevOps, CircleCI, Jenkins, Docker, Kubernetes, AWS, Azure, Ansible
Observability	Grafana, Datadog, Monitoring, Dashboards, Release Visibility, ReportPortal
AI Tooling	LLM Agents, RAG, GitHub Copilot, Codex, Claude Code
Languages	Polish, English

Work Experience

Lexense.ai — *Poland*

Co-founder and CTO — *Jan 2025 - Present*

- Architected an AI-native legal platform across mobile, web workspace, browser extension, core backend, and knowledge services.
- Designed the platform around Node.js, NestJS, RAG, OCR, and secure self-hosted infrastructure for legal search, document analysis, and conversational workflows.

Efectivo, Humanit Group — *Wrocław, Poland*

Quality Assurance Team Lead — *Feb. 2025 - Present*

- Line-managed the QA team and owned QA delivery, QA minima, test scenarios, and quality metrics for product and ecosystem releases.
- Led QA strategy and test architecture, with responsibility for the quality of E2E coverage across frontend, backend, and cross-system workflows.
- Tested Django-based backend services and integrations, with ecosystem-wide focus on security, performance, and reliability.
- Implemented observability and reporting workflows with Grafana, Datadog, ReportPortal, and internal tooling.
- Maintained and improved CI/CD pipelines used by product and ecosystem teams.
- Designed AI-powered agents and LLM + RAG documentation workflows to automate testing tasks and internal knowledge access.

Efectivo, Humanit Group — *Wrocław, Poland*

QA and Automation Specialist — *May 2024 - Feb 2025*

- Built end-to-end test automation for product and ecosystem workflows from scratch.
- Created verification scripts for Hardware in the Loop (HIL) testing.
- Worked with frontend, backend, mobile, and hardware engineers to define QA best practices and automation strategy.

Polestar — *Gothenburg, Sweden*

DevOps Engineer (Consultant via HiQ) — *Feb 2023 - Mar 2024*

- Built and maintained CI/CD infrastructure based on Azure DevOps and GitHub.
- Standardized software delivery practices, containerization, and Kubernetes-based deployment workflows.
- Built a Grafana-based logging and release visibility platform that aggregated progress across services.

Volvo Cars — *Gothenburg, Sweden*

DevOps Engineer (Consultant via HiQ) — *Jan 2022 - Jan 2023*

- Improved CI/CD workflows and development processes to streamline integration and delivery.
- Supported engineering teams with automation and tooling changes that simplified release procedures.

Dolby Laboratories — *Wrocław, Poland*

QA Engineer / QA Lead - Consumer Entertainment Technology — *Jan 2021 - Dec 2021*

- Led interoperability and ecosystem health testing across software and hardware workflows.
- Built and maintained CI/CD and QA processes, including test design, test planning, test architecture, and test metrics.
- Built a web dashboard that consolidated qTest, Excel, and Confluence data for non-technical stakeholders.
- Supported Dolby Atmos and Dolby Vision pilot programs with broadcasters and streaming services.

Dolby Laboratories — *Wrocław, Poland*

Associate QA Engineer - Consumer Entertainment Technology — *Oct 2018 - Jan 2021*

- Developed test procedures and a web application to aggregate device specifications, test data, and test metrics.
- Worked on ecosystem health, cross-device communication, and HDMI-related testing for AVRs, soundbars, TVs, and set-top boxes.

Consulting Wojciech Bajer — *Poland, Worldwide*

IT Consultant — *Mar 2021 - Present*

- Delivered consulting projects in software engineering, web development, e-commerce, and audio engineering for clients in Poland and abroad.

Certificates

2020	Enhanced English Pronunciation, InterComm	
2019	Scrum Master Training, Scrum Group	*4637|09|2019|SG*
2019	Polish Association of Electrical Engineers (SEP) Electrician Certificate (voltage up to 1kV), Stowarzyszenie Elektryków Polskich (SEP)	
2019	Certified Tester Foundation Level (CTFL), ISTQB® - International Software Testing Qualifications Board	*66890*
2018	Certified LabVIEW Associate Developer, NI - National Instrument	

Education

Politechnika Wrocławska (Wroclaw University of Technology) — *Wrocław, Poland*

Master of Science - Acoustic Engineering — *2018 - 2019*

- Electronics, Acoustics, DSP, Digital Sound, Ultrasound, Analysis and processing of acoustic signals.
- Thesis: The impact of propagation conditions on the distribution of sound level from industrial sources in the CNOSSOS calculation methodology.

Politechnika Śląska (Silesian University of Technology) — *Gliwice, Poland*

Bachelor of Engineering (BEng) - IT in Electronics — *2014 - 2018*

- Electrotechnics, IT, Programming, Electronics, Electronic Circuits, Metrology, Atmel AVR.
- Thesis: Media Server with Audio Streaming Service based on Arduino UNO.
