Professional Summary

QA Automation Specialist with commercial experience building end-to-end and API automation across backend, frontend, mobile, hardware-integrated, and infrastructure workflows. Built automation from scratch at Efectivo / Humanit Group, maintained dozens of E2E and API scenarios, reduced regression and release validation by more than 1 day, cut manual verification effort by 30%+, and supported several releases per month. Hands-on with Playwright, Selenium, Pytest, TypeScript, JavaScript, Python, CI/CD, Docker, Kubernetes, Grafana, and Datadog.

Core Skills

Automation Frameworks: Playwright, Selenium, Pytest, E2E testing, regression testing, exploratory testing, HIL testing

Programming & API: TypeScript, JavaScript, Python, API testing, REST APIs, backend testing, WebSockets

CI/CD & Platform: GitHub Actions, Azure DevOps, Docker, Kubernetes, AWS, Azure

Observability & Reliability: Grafana, Datadog, ReportPortal, release visibility, root cause analysis, flakiness reduction

Quality Leadership: test strategy, QA minima, release readiness, quality metrics, cross-functional collaboration

Professional Experience

Quality Assurance Team Lead

Efectivo, Humanit Group

Wrocław, Poland | Feb 2025 - Present

- Owned and expanded dozens of E2E and API scenarios across a 6-8-layer product ecosystem, deepening regression coverage for release-critical flows.
- Reduced regression and release validation by more than 1 day and cut manual verification effort by 30%+ through automation-first release checks.
- Improved backend test coverage, CI/CD feedback, and release tooling to support several releases per month while also supporting a 5-person QA team.

QA and Automation Specialist

Efectivo, Humanit Group

Wrocław, Poland | May 2024 - Feb 2025

- Built end-to-end automation from scratch for product and ecosystem workflows across web, backend, and cross-system release paths.
- Added verification scripts for Hardware-in-the-Loop testing and release validation to replace manual-heavy checks with repeatable automation.
- Prioritized automation coverage with engineering teams for the highest-risk release paths and regression gaps.

DevOps Engineer (Consultant via HIQ)

Volvo Cars / Polestar

Gothenburg, Sweden | Jan 2022 - Mar 2024

- Built CI/CD workflows, release tooling, and delivery automation used to improve integration feedback and reporting across engineering teams.

QA Engineer / QA Lead - Consumer Entertainment Technology

Dolby Laboratories

Wrocław, Poland | Oct 2018 - Dec 2021

- Built earlier QA depth across interoperability, device-ecosystem, and release-focused testing for consumer entertainment products.
- Owned test design, metrics, and tooling, including dashboards used for stakeholder-facing release reporting.

Education

Master of Science in Acoustic Engineering

Wroclaw University of Technology, Wroclaw, Poland | 2018 - 2019

Bachelor of Engineering in IT in Electronics

Silesian University of Technology, Gliwice, Poland | 2014 - 2018

Certifications

ISTQB Certified Tester Foundation Level (CTFL) - ISTQB - 2019 - Credential ID 66890; Scrum Master Training - Scrum Group - 2019 - Credential ID 4637/09/2019/SG; SEP Electrician Certificate up to 1kV - Stowarzyszenie Elektrykow Polskich (SEP) - 2019; Certified LabVIEW Associate Developer - NI - National Instruments - 2018; Enhanced English Pronunciation - InterComm - 2020
