

Bajer Wojciech

QA LEAD · TEST STRATEGY · AUTOMATION · API · CI/CD

Pomorska 27/1, Wrocław, Poland

☎ (+48) 694-913-653 | ✉ mail@wojciechbajer.com | 🏠 www.wojciechbajer.com | 📧 neverased | 🌐 wojciech-bajer

"The only thing that is doing the thing is doing the thing."

Summary

Hands-on QA Lead with commercial experience across API, customer-hosted servers, backend, frontend, mobile, end-to-end, and infrastructure workflows. Currently line-managing a 5-person QA team at Efectivo / Humanit Group, owning QA strategy, QA minima, release readiness, and quality metrics across an ecosystem spanning 6-8 product and platform layers. Built and maintained dozens of E2E and API scenarios, reduced regression and release validation by more than 1 day, cut manual verification effort by 30%+, and supported several releases per month. Additional after-hours product work at Lexense.ai strengthens backend, infrastructure, and architecture depth without changing the primary QA focus.

Skills

QA Leadership & Strategy	QA Strategy, QA Minima, Release Readiness, Quality Metrics, Test Planning, Test Architecture, Cross-Functional Leadership
Test Automation & QA Engineering	Playwright, Selenium, Pytest, E2E Testing, Regression Testing, Exploratory Testing, HIL Testing, Root Cause Analysis
API / Backend / Integration	API Testing, Backend Services, REST APIs, WebSockets, Django, Node.js, Integration Testing
CI/CD & Observability	GitHub Actions, Azure DevOps, Docker, Kubernetes, Grafana, Datadog, ReportPortal, Release Visibility
Test Management & Collaboration	TestRail, qTest, Confluence, Stakeholder Reporting, Documentation, Agile / Scrum
Languages	Polish, English

Experience

Efectivo, Humanit Group

Wrocław, Poland

QUALITY ASSURANCE TEAM LEAD

Feb 2025 - Present

- Line-managing a 5-person QA team and owning QA delivery, QA minima, release readiness, and quality metrics across product and ecosystem releases.
- Leading QA strategy and quality ownership across an ecosystem spanning approximately 6-8 product and platform layers, including API, customer-hosted servers, backend, frontend, mobile, E2E, and infrastructure workflows.
- Building and maintaining dozens of E2E and API scenarios to improve cross-system regression depth and release confidence.
- Reducing regression and release validation time by more than 1 day and cutting manual verification effort by 30%+ while supporting several releases per month.
- Driving backend testing, observability, CI/CD, and reporting improvements with Grafana, Datadog, ReportPortal, and internal tooling.
- Designing LLM-assisted workflows to automate testing tasks and improve internal product documentation and knowledge access.

Efectivo, Humanit Group

Wrocław, Poland

QA AND AUTOMATION SPECIALIST

May 2024 - Feb 2025

- Built end-to-end automation for product and ecosystem workflows from scratch across web, backend, and cross-system flows.
- Created verification scripts for Hardware-in-the-Loop testing and broader release validation workflows.
- Worked with frontend, backend, mobile, hardware, and infrastructure engineers to define automation scope, QA practices, and test coverage priorities.
- Contributed to the transition from manual-heavy validation toward repeatable E2E and API-driven release checks.

Dolby Laboratories

Wrocław, Poland

QA ENGINEER / QA LEAD - CONSUMER ENTERTAINMENT TECHNOLOGY

Jan 2021 - Dec 2021

- Led interoperability and ecosystem health testing across software and hardware workflows in a complex consumer entertainment environment.
- Owned test design, test planning, test architecture, quality metrics, and CI/CD-enabled QA process improvements.
- Built stakeholder-facing dashboards that consolidated qTest, Excel, and Confluence data into clearer release and risk reporting.
- Supported Dolby Atmos and Dolby Vision pilot programs with broadcasters and streaming services.

Dolby Laboratories

Wrocław, Poland

ASSOCIATE QA ENGINEER - CONSUMER ENTERTAINMENT TECHNOLOGY

Oct 2018 - Jan 2021

- Executed interoperability and ecosystem-health testing across HDMI, protocol, and cross-device workflows for consumer entertainment products.
- Introduced clearer test procedures and lightweight reporting to help surface field risk, device readiness, and QA trends for stakeholders.

Polestar

DEVOPS ENGINEER AT POLESTAR

Gothenburg, Sweden

Feb 2023 - Mar 2024

- Improved CI/CD and release visibility across development teams, strengthening delivery reliability and engineering feedback loops.
- Built Grafana-based reporting and service integrations that supported release tracking, environment insight, and QA-adjacent observability.

Volvo Cars

DEVOPS ENGINEER AT VOLVO CARS

Gothenburg, Sweden

Jan 2022 - Jan 2023

- Supported CI/CD workflows and release processes, improving integration consistency and day-to-day delivery execution.
- Partnered with teams on tooling and process improvements that reduced friction around builds, delivery, and environment readiness.

Lexense.ai

CO-FOUNDER AND CTO (PRIVATE, AFTER-HOURS PRODUCT)

Poland

Jan 2025 - Present

- Built a private after-hours product from scratch, owning architecture, backend, infrastructure, and secure deployment for an AI-native legal platform.
- Designed the system around Node.js / NestJS, MongoDB, Redis, Qdrant, OCR, and self-hosted operations, strengthening backend and platform depth alongside commercial QA leadership work.

Consulting Wojciech Bajer

IT CONSULTANT

Poland, Worldwide

Mar 2021 - Present

- Delivered software and technical consulting for clients in Poland and abroad, with work spanning web systems, tooling, and implementation support.
- Built client-facing solutions and advisory relationships that complemented hands-on QA, backend, and delivery leadership experience.

Education

Politechnika Wrocławska (Wrocław University of Technology)

MASTER OF SCIENCE - ACOUSTIC ENGINEERING

Wrocław, Poland

2018 - 2019

- Electronics, Acoustics, DSP, Digital Sound, Ultrasound, Analysis and processing of acoustic signals.
- Thesis: The impact of propagation conditions on the distribution of sound level from industrial sources in the new CNOSOS calculation methodology.

Politechnika Śląska (Silesian University of Technology)

BACHELOR OF ENGINEERING (BENG) - IT IN ELECTRONICS

Gliwice, Poland

2014 - 2018

- Electrotechnics, IT, Programming, Electronics, Electronic Circuits, Metrology, Atmel AVR.
- Thesis: Media Server with Audio Streaming Service based on Arduino UNO.

Certificates

2020 Enhanced English Pronunciation, InterComm

2019 Scrum Master Training, Scrum Group

2019 Polish Association of Electrical Engineers (SEP) Electrician Certificate (voltage up to 1kV), Stowarzyszenie Elektryków Polskich (SEP)

2019 Certified Tester Foundation Level (CTFL), ISTQB® - International Software Testing Qualifications Board

2018 Certified LabVIEW Associate Developer, NI - National Instrument

4637|09|2019|SG

66890

Extracurricular Activity

Xiaomi Technology

SOFTWARE TESTER - MIUI BETA TEAM - GLOBAL

Poland

Dec 2017 - Sep 2022

- Testing of the new releases of MIUI Firmware.
- Cooperated with multi-national team of testers.

Student Council of The Silesian University of Technology

EVENT ORGANIZER

Gliwice Poland

Apr 2015 - May 2017

- Organization and coordination of cultural and entertainment events for students of the Silesian University of Technology in Gliwice.
- Cooperation with local companies and institutions and sponsors (Red Bull Poland).

Presentation

Dolby Laboratories - OPEN DAY

PRESENTER - CRACK THE CODE OF YOUR IMAGINATION

Wrocław, Poland

Jan. 2020

- Introduced the basics of sound and acoustics, and how to use it in the Dolby Atmos system.
- Explained how do we prepare Dolby Atmos and Dolby Vision (HDR) content for the cinema and home.
- Presented how it looks from the inside of the Dolby Laboratories.

Dolby Laboratories - Night of Laboratories

PRESENTER - DOLBY VISION AND DOLBY ATMOS AT HOME

Wrocław, Poland

Oct. 2019, 2020

- Prepared a demo in one of the acoustic laboratories to show how Dolby Atmos and Vision can be experienced at home.
- Explained how our work bring those technologies at home.
- Worked closely with streaming platforms and broadcast representatives to make it possible.
